MSTML4005 Undertake initial millinery consultation, subsequent fittings and finishing

Release: 1

MSTML4005 Undertake initial millinery consultation, subsequent fittings and finishing

Modification History

Release 1. Supersedes and is equivalent to LMTML4005A Undertake initial millinery consultation, subsequent fittings and finishing

Application

This unit of competency covers the skills and knowledge required to conduct initial client assessment, determine client needs and expectations, and provide subsequent fittings to ensure client satisfaction.

This unit of competency applies to all service interaction with clients, including interviewing, assessing needs and expectations, making recommendations, fitting items and maintaining documentation. It encompasses skills required to prepare the finished product for presentation to the client.

Work may be conducted in small to large scale enterprises and may involve individual and team activities.

No licensing, legislative or certification requirements apply to this unit at the time of publication.
