# Assessment Requirements for NWPGEN003 Apply environmental and licensing procedures of the water industry

## Modification History

Release	Comments
1	<p>These Assessment Requirements were released in NWP Water Training Package release 1.0 and meet the Standards for Training Packages.</p> <ul style="list-style-type: none"><li>• Assessment Requirements created drawing upon specified assessment information from superseded unit</li></ul>

## Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- interpreting and applying relevant legislative responsibilities
- applying control procedures to environmental risks and incidents
- assessing environmental risks at local work site
- completing basic workplace records and reports
- implementing established environmental and licensing procedures
- contributing to improved environmental practices
- identifying and minimising environmental risks and the impact of work-related activities on the local environment
- assessing environmental protection requirements of a work site

## Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- relevant legislative requirements, responsibilities, policies and procedures
- environmental impact assessment techniques
- the water cycle
- ecologically sustainable development
- heritage conservation
- primary agencies involved in drinking water quality management
- water quality performance indicators

- overview of water supply system
- water hazardous agents and preventative strategies
- community and agency roles and responsibilities in monitoring water quality

## Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
