NWPGEN019 Assess, implement and report environmental procedures

Release: 1

NWPGEN019 Assess, implement and report environmental procedures

Modification History

Release 1. This is the first release of this unit of competency in the NWP National Water Training Package.

Application

This unit involves the skills and knowledge required to assess, implement and report environmental procedures.

It includes assessing environmental requirements of specific projects or worksites and reviewing the application of environmental procedures. It also includes identifying and minimising the environmental impact of industry work activities, identifying general environmental risks and monitoring environmental procedures.

Those undertaking this unit would work under indirect supervision, while performing mostly specific tasks in a range of contexts.

No licensing, legislative or certification requirements apply to this unit at the time of publication.
