**Release: 1**

# Assessment Requirements for NWPIRR062 Develop and review irrigation system management plan

## Modification History

Release	Comments
1	<p>These Assessment Requirements were released in NWP Water Training Package release 1.0 and meet the Standards for Training Packages.</p> <ul style="list-style-type: none"><li>• Assessment Requirements created drawing upon specified assessment information from superseded unit</li></ul>

## Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- interpreting and applying legislation and policies
- coordinating measuring and testing activities
- conducting investigations
- assessing environmental impacts
- developing and reviewing the operation and maintenance of irrigation systems
- gathering, interpreting and synthesising information including historical system capacity data, current legislation and standards, stakeholder views and monitoring results to underpin the sound development of the irrigation system management plan
- consulting widely and effectively
- developing effective irrigation system management plans that address the water organisation's objectives and requirements
- using data from monitoring arrangements to track the performance of the irrigation system management plan and inform the review of the plan
- preparing reports and recommendations for changes to the objectives of the management plan and its implementation

## Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- relevant legislation, policies and procedures
- measuring and testing procedures

- investigation procedures
- customer expectations and requirements

## Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
