**Release: 1**

# Assessment Requirements for NWPNET002 Prepare and restore work site

## Modification History

Release	Comments
1	<p>These Assessment Requirements were released in NWP Water Training Package release 1.0 and meet the Standards for Training Packages.</p> <ul style="list-style-type: none"><li>• Assessment Requirements created drawing upon specified assessment information from superseded unit</li></ul>

## Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least one occasion.

- setting up compacting and reinstating a site
- interpreting and applying numerical data in specifications and plans
- excavating backfill
- preparing site for planting and plant vegetation
- interpreting plans, instructions, standard operating procedures and work requirements
- using tools and equipment
- identifying and responding to operational problems
- planning work site layout
- selecting, using, maintaining, cleaning, storing and securing materials and equipment
- clearing and preparing work site according to specifications
- restoring work site
- cleaning, maintaining and storing equipment

## Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- WHS
- risk factors and potential hazards of site preparation and restoration
- environmental aspects of site preparation and restoration

- trenching, shoring and excavation management
- excavation procedures and site restoration
- relevant utilities and service bodies
- communication systems
- landscape and ground structure of work area
- equipment operation, capacity and limitations
- effects of weather and conditions on construction site or plant

## Assessment Conditions

Competency should be assessed in an actual workplace or in a simulated environment, with access to equipment and infrastructure appropriate to the outcome. Competency should be demonstrated over time to ensure the candidate is assessed across a variety of situations.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
