# **PMASS00018 Emergency centre team**

**Release: 2**

## **PMASS00018 Emergency centre team**

### **Modification History**

Release 2. Superseded units updated, equivalent outcome.

Release 1. Supersedes and is equivalent to PMASS00003 Emergency centre team. Units updated.

### **Description**

Plant/site emergencies require management of the response from an internal team at the designated emergency centre.

This skill set covers the competencies required by persons working in the emergency centre. This would not normally be their full time job, but a role they assume as required by the situation

This is an industry defined skill set.

### **Pathways Information**

These units of competency can provide credit towards Certificates III and IV and the Diploma in PMA Chemical, Hydrocarbons and Refining Training Package.

### **Licensing/Regulatory Information**

Licensing is not required at the time of writing, although these competencies may be required under a risk management plan.

### **Skill Set Requirements**

PMAOMIR322 Manage incident response information

PMAOMIR317 Facilitate search and rescue operations

PMAOMIR449 Monitor legal compliance obligations during incidents

PMAOMIR523 Manage corporate media requirements in a crisis

PMAOMIR575 Coordinate welfare support activities in response to an incident

In some situations it may be appropriate to add:

PMAOMIR424 Develop and maintain community relationships.

## **Target Group**

Individuals who, as part of their role, are required to work in the emergency centre during a declared incident.

## **Suggested words for Statement of Attainment**

These competencies from PMA Chemical, Hydrocarbons and Refining Training Package meet the minimum requirements for emergency centre personnel.
