## Modification History

Release 1. This is the first release of this qualification in the POL Police Training Package.

## Qualification Description

The public safety industry operates through discrete sectors. Policing qualifications have been developed to set agreed minimum standards for police personnel that should be contextualised within the specifics of each police jurisdiction/agency/organisation's policies and procedures.

This qualification allows for the attainment of general skills in Aboriginal community policing. The qualification covers skills that allow police staff to complete routine and non-routine activities and apply their broad cultural understanding within a police environment.

Generally, entry level to these qualifications would be at the Certificate III level, for candidates who demonstrate a capacity to undertake vocational education and training, allowing them to develop and build upon their skills and knowledge base as they progress through the pathway.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.
