Application

This unit describes the skills required to formulate a strategic human resource plan that links the human resource function with the direction of business units and the organisation. It includes identifying key issues, and developing, implementing and evaluating the strategic human resource plan.

This unit applies to those working as human resource specialists.

The skills and knowledge described in this unit must be applied within the legislative, regulatory and policy environment in which they are carried out. Organisational policies and procedures must be consulted and adhered to.

Those undertaking this unit would work autonomously, performing complex tasks in a range of familiar contexts.

No licensing, legislative or certification requirements apply to unit at the time of publication.

Competency Field

Human resource management
