Undertake government security risk
analysis**

Release: 1

Assessment Requirements for PSPSEC005 Undertake government security risk analysis

Modification History

Release	Comments
1	<p>These Assessment Requirements were released in PSP Public Sector Training Package release 1.0 and meet the Standards for Training Packages.</p> <ul style="list-style-type: none">• Assessment Requirements created drawing upon specified assessment information from superseded unit

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the candidate must demonstrate evidence of performance of the following on at least two occasions.

- applying legislation, regulations and policies relating to government security management
- analysing the organisation's security plan
- researching and critically analysing the operational environment and drawing conclusions
- using effective communication with diverse stakeholders involving listening, questioning, paraphrasing, clarifying, summarising
- writing formal and highly complex reports
- representing mathematical information in diverse formats

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- legislation, regulations, policies, procedures and guidelines relating to government security management including WHS
- Crimes Act 1914 and Criminal Code 1985
- Freedom of Information Act 1982
- Privacy Act 1988
- fraud control and protective security policies
- Australian Government Information Security Manual (ISM)
- Protective Security Policy Framework
- risk analysis terminology and techniques

- the organisation's security plan
- the organisation's assets and security environment
- risk management: principles and guidelines
- AS/NZS ISO 31000:2009

Assessment Conditions

Assessment of this unit requires a workplace environment or one that closely resembles normal work practice and replicates the range of conditions likely to be encountered when undertaking security risk analysis.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
