Assessment Requirements for PSPSEC025 Manage security awareness

Release: 1

Assessment Requirements for PSPSEC025 Manage security awareness

Modification History

Supersedes and is equivalent to PSPSEC017 Manage security awareness.

Performance Evidence

Evidence of the ability to complete tasks outlined in elements and performance criteria of this unit in the context of the job role, and on at least two occasions:

- synthesise and articulate information about broad security policy issues
- consult and share information with internal and external clients
- use negotiation and presentation styles to suit different audiences and purposes.

Knowledge Evidence

Demonstrated knowledge required to complete the tasks outlined in elements and performance criteria of this unit:

- legislation, regulations, policies, procedures and guidelines relating to security management, including anti-discrimination and equity legislation, work health and safety and environment
- public sector values and codes of conduct
- organisational change practices
- corporate plan and strategic directions of the organisation
- structure and core business activities of the organisation
- organisational security policy and plans
- expectations placed on the organisation by external stakeholders
- incorporation of constraints imposed by the culture of the organisation and operational factors into security management issues and practices.

Assessment Conditions

Skills must be demonstrated in the workplace or in a simulated environment that reflects workplace conditions.

Assessment must ensure access to:

- legislation, regulations, policies, procedures and guidelines relating to government security management
- resources and equipment required of the working environment.

Assessors must satisfy the Standards for Registered Training Organisations' requirements for assessors.
