PSPSEC025 Manage security awareness

Modification History

Supersedes and is equivalent to PSPSEC017 Manage security awareness.

Application

This unit describes the performance outcomes, skills and knowledge required to promote and disseminate the organisation's approach to security management.

This unit applies to those whose roles include disseminating strategy and championing security awareness both inside and outside the organisation.

Those undertaking this unit work autonomously, frequently accessing and evaluating support from a broad range of sources and performing highly sophisticated tasks in a broad range of contexts with frequent specialisation in one or more contexts.

The skills in this unit must be applied in accordance with Commonwealth and State or Territory legislation, Australian standards and industry codes of practice.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.
