**Assessment Requirements for PSPTIS047
Use routine health terminology in
interpreting (LOTE-English)**

Release: 1

Assessment Requirements for PSPTIS047 Use routine health terminology in interpreting (LOTE-English)

Modification History

Release	Comments
1	These Assessment Requirements were released in PSP Public Sector Training Package release 1.0 and meet the Standards for Training Packages.

Performance Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified, the candidate must demonstrate evidence of performance of the following while interpreting in a general dialogue or monologue setting on at least two occasions.

- using social, cultural and professional conventions appropriate to the languages being used in health and allied health contexts, including:
 - customs, protocols and taboos
 - dialect, idiom, colloquialisms and language conventions
 - social conventions and consistent use of forms of address

Knowledge Evidence

Evidence required to demonstrate competence must satisfy all of the requirements of the elements and performance criteria. If not otherwise specified, the depth of knowledge demonstrated must be appropriate to the job context of the candidate.

- basic anatomy and body systems
- basic principles of health and disability insurance systems
- basic principles of medications and prescriptions
- departments and sections in a hospital
- health and allied health specialties
- information sources for increasing health knowledge and terminology
- routine medical conditions and investigations
- routine medical procedures and relevant equipment
- obtaining valid consent to treatment
- basic patient signs and symptoms
- security, confidentiality and privacy
- WHS relevant to working in health contexts, including hygiene and infection

Assessment Conditions

Assessment of this unit of competency must include use of scenarios, case studies and experiences. Practical assessment must take place in the context of real or simulated interpreting.

Consideration must be given to holistic assessment for this unit. Refer to advice in the companion volumes.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
