PSPTIS113 Interpret in general monologue settings

Release: 1

PSPTIS113 Interpret in general monologue settings

Modification History

Not applicable.

Application

This unit describes the performance outcomes, skills and knowledge required to interpret from a source language to a target language in general monologue settings, preserving the communicative intent of the source language.

This unit applies to those working as interpreters in consecutive and simultaneous (in the case of signed language to spoken and vice versa) modes, either alone, or collaboratively as part of a team.

An interpreter in the general monologue setting is required to interpret in one language direction, from source to target language. General settings are those in which the context is broad and routine, the content or complexity of the situation can usually be predicted and planned for, and there are opportunities for error correction. There are typically few participants. Interpreting may be completed onsite or remotely. The elements of the setting must permit the interpreter some ability to manage the interaction to ensure communication and flow is not disrupted. Miscommunication or consequences of errors in communicative intent that may occur in this setting are readily managed through consultation and preparation.

The skills in this unit must be applied in accordance with Commonwealth and State or Territory legislation, Australian Standards and industry codes of practice.

No occupational licensing, certification or specific legislative requirements apply to this unit at the time of publication.

Competency Field

Translating and Interpreting

Elements and Performance Criteria

ELEMENTS

Elements describe the essential outcomes.

1. Receive and analyse source message.

PERFORMANCE CRITERIA

Performance criteria describe the performance needed to demonstrate achievement of the element.

- 1.1. Attend actively to source utterance, and identify and adjust physical position to optimise sound or visual reception and visual cues.
- 1.2. Anticipate purpose and intent and strategies being used by the source to develop ideas.
- 1.3. Use strategies to identify and retain key information.
- 1.4. Identify relationships between verbal or signed language

- and non-verbal language, and identify cultural and other factors affecting meaning.
- 1.5. Identify and address issues of understanding or recall in a manner that does not compromise effective delivery.
2. Transfer message to target language.
- 2.1. Recall information from basic notes or memory.
- 2.2. Recognise and address issues in message transfer associated with the setting, language and concepts.
- 2.3. Reproduce message, maintaining its logical sequence and communicative intent.
- 2.4. Deliver interpreting effectively, appropriate to audience and setting, without undue delay.
- 2.5. Monitor interpreting process to identify when it is necessary to seek assistance or withdraw from assignment.
3. Evaluate interpreting performance.
- 3.1. Evaluate performance in line with issues encountered and assignment requirements.
- 3.2. Determine personal impact of assignment and identify need for debriefing and counselling.
- 3.3. Consider process improvement strategies.

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Unit Mapping Information

Supersedes and is equivalent to PSPTIS041 Interpret in general monologue settings (LOTE-English).
