PUA30519 Certificate III in Public Safety (SES Operations)

Release 1

PUA30519 Certificate III in Public Safety (SES Operations)

Modification History

Release 1. This is the first release of this qualification in the PUA - Public Safety Training Package.

Qualification Description

The PUA30519 Certificate III in Public Safety (SES Operations) is designed for experienced community, volunteer and emergency service organisational personnel to develop the knowledge and skills required to assist in emergency response operations.

State Emergency Services (SES) assist with emergency responses to floods, storms, earthquakes and tsunamis. They also assist in road accidents, search and rescue operations and often play a support role during major bushfire responses. The SES also assists in the development and implementation of local emergency management plans and the provision of community education programs.

This qualification includes the units of competency required by SES personnel to perform a range of activities including participating in the allocation and use of personnel and resources to achieve operational objectives, maintaining operational information, utilising resources to achieve operational plans and reviewing operational performance to identify improvements. It typically involves working as a team member, under direction, to respond to an incident.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

A total of 12 units of competency comprising

- **7 core units** listed below; plus
- **5 elective units** from the general elective units listed

Choose a minimum of 3 elective units from the elective list below.

Choose the remaining 2 elective units from elective unit list below or from elsewhere within this training package or another endorsed training package or accredited course.

All elective units selected from outside this qualification must be from an equivalent qualification level or higher.

Elective units selected must not duplicate content already covered by other units in this

qualification.

Where imported units are selected, care must be taken to ensure that all prerequisite units specified are complied with.

Prerequisites attached to any of the units must be undertaken and are additional to the number of units required for this qualification.

Where a prerequisite is attached to a unit it is identified by this symbol ⌞.

By default, all prerequisites listed with ⌞ become part of the core and elective units of this qualification.
