**Release 2**

# PUA51019 Diploma of Public Safety (Community Safety)

## Modification History

**Release 2.0** This is the second release of this qualification in the PUA – Public Safety Training Package.

Electives updated.

**Release 1.0** This is the first release of this qualification in the PUA Public Safety Training Package.

## Qualification Description

The PUA51019 Diploma of Public Safety (Community Safety) is designed for emergency service and public safety personnel who coordinate community safety programs. Community safety programs seek to build and enhance community resilience, health and wellbeing as it relates to feeling protected from threats, harm, risks or injury.

The role of community safety personnel is to build community safety partnerships, improve individual and community resilience, actively partner and listen to communities, understand community needs and deliver outcomes for at risk communities. This may include implementing community safety advertising, creating awareness campaigns and developing relationships with a diverse range of community members.

This qualification includes the units of competency required by community safety personnel to perform a range of activities such as coordinating programs and campaigns that improve community resilience whilst engaging with a broad range of community members and working closely with local governments and other agencies. It typically involves discretion in the coordination of the development and delivery of community safety programs.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

## Entry Requirements

There are no entry requirements for this qualification.

## Packaging Rules

A total of 12 units of competency comprising

- **1 core unit** listed below; plus
- **11 elective units** from the elective units listed

Choose a minimum of 9 elective units from the elective unit list below, 2 units must be from the technical units listed.

Select the remaining 2 elective units from the elective unit lists below or elsewhere within this training package or another endorsed training package or accredited course.

All elective units selected from outside this qualification must contribute to the vocational outcome of the qualification. Where imported units are selected, care must be taken to ensure that all prerequisite units specified are complied with. Prerequisites attached to any of the units must be obtained and are additional to the number of units required for this qualification.

Where a prerequisite is attached to a unit it is identified by the symbol  $\perp$ .

**Note:**

Refer to the PUA Training Package Companion Volume Implementation Guide for information on fire prerequisites.

**Core units**

PUAMAN005      Manage projects

**Technical elective units**

PUAEMR033      Determine treatment options

PUAEMR010      Plan and implement a treatment measure

PUAFIR509      Implement prevention strategies

PUAFIR602      Manage the implementation of community safety strategies

**General elective units**

AHCCCF505      Contribute to regional planning process

BSBCM411      Make presentations

BSBINS501      Implement information and knowledge management systems

BSBMKG431      Assess marketing opportunities

BSBMKG552      Design and develop marketing communication plans

CHCPRP001      Develop and maintain networks and collaborative partnerships

CHCYTH009      Support youth programs

LGACOM502B      Devise and conduct community consultations

LGAEHRR504C	Implement public environment health education programs
LGAEHRH604B	Develop and implement environmental health education, promotion and awareness strategies
LGAPLEM403A	Attend requests for building and planning information and advice
LGAPLEM501A	Achieve an efficient and sustainable use of natural resources
