PUACOM011 Develop community awareness networks

Release: 1

PUACOM011 Develop community awareness networks

Modification History

Release 1. This is the first release of this unit of competency in the PUA Public Safety Training Package.

Application

This unit of competency involves the skills and knowledge required to develop networks within the community to enable the development and implementation of effective public safety awareness activities. It includes developing networks within the community to manage and facilitate public safety awareness activities in community group discussions, participating in formal meetings and reporting on public safety awareness activities.

The unit applies to personnel undertaking a role that includes creating networks within geographically specific communities to advance public safety knowledge.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

The fire sector is those sections of government departments, statutory authorities or organisations that have responsibility under jurisdictional arrangements for the delivery of firefighting and fire management services.

It is essential that the prerequisite units listed below are obtained prior to the issuance of this unit to individuals within the fire sector or the units contributing to the attainment of a fire qualification.
