PUAMAN005 Manage projects

Release: 2

PUAMAN005 Manage projects

Modification History

Release 2.0 This is the second release of this unit of competency in the Public Safety Training Package.

Editorial adjustments and clarification of text in Assessment Conditions.

Release 1.0 This is the first release of this unit of competency in the PUA Public Safety Training Package.

Application

This unit of competency involves the skills and knowledge required to manage and evaluate projects.

The unit is applicable to any personnel undertaking a project management role. This includes management of small and short term projects as well as roles with a specific project management focus.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

The fire sector is those sections of government departments, statutory authorities or organisations that have responsibility under jurisdictional arrangements for the delivery of firefighting and fire management services.

It is essential that the prerequisite units listed below are obtained prior to the issuance of this unit to individuals within the fire sector or the units contributing to the attainment of a fire qualification.

PUATEA003 Lead, manage and develop teams
