Employability Skills Summary

Employability Skills Summary for PUA32409 Certificate III in Public Safety (Air Dispatch)

Employability Skills are part of a unit of competency.

Employability Skills statements from a selection of units of competency from the PUA32409 Certificate III in Public Safety (Air Dispatch) have been reproduced in the table below.

This table provides an example of Employability Skills for the qualification because Employability Skills within a qualification will vary depending on the qualification packaging options.

Public Safety qualifications have core units (which must be achieved) and elective units (where there is a choice of units which must be achieved) so different Employability Skills Summaries are possible within the one qualification, depending on the package of core units and chosen elective units. Employability Skill	Employability Skills Statement
Communication	<ul style="list-style-type: none"> • compile, use and distribute air-drop and air movement documentation • consult people on policies and decisions that affect them • interpret air logistic publications and comply with their requirements • receive, interpret and carry out orders and instructions • use field signals to communicate with other team members
Teamwork	<ul style="list-style-type: none"> • complete aircraft loading as part of a crew • guide and facilitate teams • move in patrol formations • treat each other with respect and dignity • work as a team member under supervision
Problem solving	<ul style="list-style-type: none"> • apply detection avoidance techniques • deal with enemy offensive measures and tactics

	<ul style="list-style-type: none"> • judge distances • respond to an enemy threat or enemy actions • use range cards to document distances to discernible features
Initiative and enterprise	<ul style="list-style-type: none"> • display initiative • identify and access available support • recognise individual differences in the workplace, value these differences and adjust own behaviour to account for these differences
Planning and organising	<ul style="list-style-type: none"> • assist in the employment of early warning and area protection devices • manage resources • prepare load • prepare stores and equipment for container and platform air-drop • rig container and platform for air-drop loads
Self-management	<ul style="list-style-type: none"> • apply individual camouflage and concealment measures to minimise detection • apply individual movement techniques • ensure personal conduct complies with an awareness of workplace equity and diversity • implement duties and responsibilities of an individual member of a tactical team • maintain individual health and hygiene in the field
Learning	<ul style="list-style-type: none"> • learn about and apply relevant drills • learn about standard procedures • understand relevant safety, legislative and statutory requirements
Technology	<ul style="list-style-type: none"> • employ weapons • operate aircraft loading equipment • use field equipment • use hand and power tools • use weighing devices (scales) and calculators

Qualification Requirement: 17 units

All 7 core units, plus 6 units from the specialisation elective units listed below, plus 4 general elective units

The general elective units may be taken from any remaining specialisation elective units listed below, the general elective units listed below, or may include 2 units taken from within this Training Package or any other endorsed Training Package at the same qualification level or a higher level.

Code	Core Units
PUADEFAD001A	Rig and hook up loads during rotary wing external lift operations
PUADEFAD002A	Assist in establishing and clearing a cargo drop zone
PUADEFECM104C	Operate in a threat environment
PUADEFECM303B	Rig and dispatch air-drop loads
PUADEFEQ001C	Work with equity and diversity
PUATEA001B	Work in a team
BSBOHS201A	Participate in OHS processes

Code	Specialisation Elective Units
PUADEFEO101D	Work safely with explosive ordnance
PUADEFEO201C	Respond to fire
PUADEFTP001B	Operate a vehicle in an environment of threat
PUADEFTP002B	Operate a vehicle at night
PUADEFTP003B	Operate a vehicle over difficult terrain
PUAWER008B	Confine small workplace emergencies
AVI2D308B	Prepare freight for flight
AVI3A108B	Package dangerous goods for air transport
HLTFA301B	Apply first aid
MSAENV272A	Participate in environmentally sustainable work practices
TLIA1507C	Complete receiptal/despatch documentation

Code	Core Units
TLIB2807B	Maintain and use hand tools
TLID107C	Shift materials safely using manual handling methods
TLID307D	Handle dangerous goods/hazardous substances
TLID407C	Load and unload goods/cargo
TLID707C	Prepare cargo for transfer with slings
TLID1607C	Load and unload explosives and dangerous goods
TLIE207C	Estimate/calculate mass, area and quantify dimensions
TLIE407C	Prepare workplace documents
TLIE707B	Use communication systems
Code	General Elective Units
BSBCMM201A	Communicate in the workplace
BSBINM201A	Process and maintain workplace information
BSBSUS201A	Participate in environmentally sustainable work practices
BSBWOR202A	Organise and complete daily work activities
ICAU1133B	Send and retrieve information using web browsers and email
PSPGOV204B	Access and use resources
PSPGOV207B	Use technology in the workplace
SROOPS001B	Implement minimal environmental impact practices
TLIE507C	Carry out basic workplace calculations

NOTES

AVI units have been imported from the AVI08 Aviation Training Package.

BSB units have been imported from the BSB07 Business Services Training Package.

HLT unit has been imported from the HLT07 Health Training Package.

ICA unit has been imported from the ICA05 Information and Communications Technology Training Package.

Code	Core Units
