EVIDENCE GUIDE

Critical aspects for assessment and evidence required to demonstrate competency in this unit

Assessment must confirm the ability to positively identify and track hostile surveillance within the parameters of the counter-surveillance plan. The team leader must be able to plan, organise, monitor and supervise the tasks of all the team members; this planning, conducting and reporting must be in accordance with organisational guidance. The operation must be completed safely and within the constraints and limitations of local laws.

Consistency in performance

Competency should be demonstrated over time in at least two different contexts.

Counter-surveillance operations are to take place over time allowing the individual to be assessed in a number of realistic operational scenarios.

Context of and specific resources for assessment

Context of assessment

Competency should be assessed in a simulated workplace environment.

Specific resources for assessment

Access is required to:

- counter-surveillance team with equipment to scale
- anti-surveillance personnel appropriate to plan
- surveillance team with equipment to scale
- support personnel appropriate to task.

Guidance information for assessment

This competency is related to the individual performance of the team leader.
