**Release: 1**

## RGRPSG301 Rear greyhounds

### Modification History

Release	Comments
Release 1	This version released with RGR Racing and Breeding Training Package Version 1.0.

### Application

This unit of competency describes the skills and knowledge required to rear greyhounds.

The unit applies to individuals who rear greyhounds for racing.

NOTE: The terms ‘occupational health and safety’ (OHS) and ‘work health and safety’ (WHS) generally have the same meaning in the workplace. In jurisdictions where the national model WHS legislation has not been implemented, RTOs must contextualise the unit of competency by referring to current OHS legislative requirements.

Licensing, legislative, regulatory or certification requirements may apply to this unit. Refer to your state or territory Controlling Body or Principal Racing Authority for current licence or registration requirements.

### Pre-requisite Unit

RGRPSG201 Handle greyhounds

### Unit Sector

Performance services greyhounds (PSG)

### Elements and Performance Criteria

Elements	Performance Criteria
