Assessment Requirements for RGRROP409 Perform duties of greyhound grader

Release: 1

Assessment Requirements for RGRROP409 Perform duties of greyhound grader

Modification History

Release	Comments
Release 1	This version released with RGR Racing and Breeding Training Package Version 2.0.

Performance Evidence

An individual demonstrating competency in this unit must satisfy all of the elements and performance criteria of this unit. There must be evidence that, on at least three occasions, the individual has:

- interpreted race results and greyhound performances
- implemented grading procedures to determine greyhound ranks, considering a range of variables
- maintained accurate records according to racing procedures and confidentiality requirements
- complied with requirements, procedures and instructions when grading greyhounds for races.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- grading systems, classifications, distances and industry terminology related to greyhound races
- organisational policies and procedures related to greyhound grading, including communication and reporting protocols
- ethical conduct standards of relevant controlling body or Principal Racing Authority, including principles of confidentiality
- systems and documentation used in grading greyhounds
- factors that affect greyhound performance.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
  - industry-supervised access to racing administration offices and racetracks

- resources, equipment and materials:
  - materials, equipment and systems relevant to assessing individual's ability to complete greyhound grading procedures
- specifications:
  - work instructions and related documentation.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
