RII10115 Certificate I in Resources and Infrastructure Operations

Release 3

RII10115 Certificate I in Resources and Infrastructure Operations

Modification History

Release	Comments
Release 3	This version was released with RII Resources and Infrastructure Training Package version 7.0. Version created to fix typographical and/or unit grid errors.
Release 2	This version was released with RII Resources and Infrastructure Training Package version 3.0.
Release 1	This qualification replaces RII10113 Certificate I in Resources and Infrastructure Operations. Packaging rules wording changed to clarify intent; added new elective unit BSBDIV301 Work effectively with diversity as an elective; updated codes of imported units. Added qualification mapping information.

Qualification Description

The qualification is an introductory qualification and is designed to raise awareness of the Resources and Infrastructure Industries.

This Certificate I in Resources and Infrastructure Operations is a pathway qualification. There are no specific job outcomes, however; it will prepare an individual in successfully undertaking a Certificate II and III from the Resources and Infrastructure Industry Training Package.

This certificate allows individuals to develop basic functional skills and knowledge to prepare for work in the Resources and Infrastructure Industries. The range of technical skills and knowledge is limited.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

The following provides the packaging rules for this qualification, followed by the list of relevant units of competency

Total number of units = 6

3 core units plus

3 elective units, of which:

- no more than three (3) units may be chosen from the electives listed below
- no more than one (1) unit may be chosen from elsewhere within this training package, or from another endorsed training package, or from an accredited course.

All elective units selected from outside this qualification must reflect current occupational and learning outcomes of this AQF qualification level.

There are no prerequisites to imported units listed in this qualification. Where a unit is imported as an elective, care must be taken to ensure that all prerequisites specified are complied with.

Core units of competency
