# **RII21015 Certificate II in Drilling Oil/Gas (Offshore)**

**Release: 3**

## RII21015 Certificate II in Drilling Oil/Gas (Offshore)

### Modification History

Release	Comments
1	This qualification replaces RII21013 Certificate II in Drilling Oil/Gas (Offshore). Packaging rules wording changed to clarify intent. Added new Group B elective BSBDIV301 Work effectively with diversity. Updated codes of imported units.
2	This version was released with RII Resources and Infrastructure Training Package version 3.0.
3	Minor change to add the following units of competency to the elective list: RIIOGF203D Contribute to the control of offshore emergencies

### Qualification Description

This qualification reflects the role of an employee such as a floorman, who undertakes a prescribed range of functions involving known routines and procedures and who take some responsibility for the quality of work outcomes.

No licencing, legislative or certification requirements apply to this qualification at the time of publication.

### Entry Requirements

There are no entry requirements for this qualification.

### Packaging Rules

The following provides the packaging rules for this qualification, followed by the list of relevant units of competency.

Total number of units = 15

**13 core units** plus

**2 elective units**, of which:

- at least one (1) must be chosen from the Group A
- no more than one (1) may be chosen from Group B
- no more than one (1) unit may be chosen from elsewhere within this training package, or from another endorsed training package, or from an accredited course.

All elective units selected from outside this qualification must reflect current occupational and learning outcomes of this AQF qualification level.

There are both licensed and non-licensed units of competency relating to high risk work in the RII Resources and Infrastructure Industry Training Package. To be appointed under any statutory requirements in related roles, units of competency should be selected to meet the state/territory licensing requirements.

There are no prerequisites to imported units listed in this qualification. Where a unit is imported as an elective care must be taken to ensure that all prerequisites specified are complied with.
