# **RII21113 Certificate II in Drilling Oil/Gas (On shore)**

**Release 3**

## RII21113 Certificate II in Drilling Oil/Gas (On shore)

### Modification History

Release	Comments
1	Replaces RII21109 Certificate II in Drilling Oil/Gas (On shore).
2	Superseded imported units updated.
3	Corrected modification history.

### Qualification Description

This qualification reflects the role of employees such as a Floorman, who undertake a prescribed range of functions involving known routines and procedures and who take some responsibility for the quality of work outcomes.

No licencing, legislative or certification requirements apply to this qualification at the time of publication.

### Entry Requirements

There are no entry requirements for this Qualification.

## Packaging Rules

Requirements for completion of the qualification

The following provides the packaging rules for this qualification, followed by the list of relevant units of competency.

Successful completion of twelve(12) units of competency made up of:

- eight (8) core units, and
- four (4) elective units of which:
  - at least two (2) must be chosen from group A and/or group B
  - up to two (2) units may be chosen from Certificate II or Certificate III level from this, or any other Training Package or accredited course

Units chosen must be relevant to the job function.

There are both licensed and non-licensed units of competency relating to high risk work in the Resources and Infrastructure Industry Training Package. To be appointed under any statutory requirements in related roles, units of competency should be selected to meet the state/territory licensing requirements.

There are no prerequisites to imported units listed in this qualification. Where a unit is imported as an elective care must be taken to ensure that all prerequisites specified are complied with.

Core units of competency	
<i>Unit code</i>	<i>Unit title</i>
