**Release 3**

## RII32013 Certificate III in Drilling Oil/Gas (On shore)

### Modification History

Release	Comments
1	Replaces RII32009 Certificate III in Drilling Oil/Gas (On shore).
2	Packaging rules amended to comply with Standards for Training Packages.
3	Corrected modification history. Corrected elective prerequisite unit.

### Qualification Description

This qualification reflects the role of employees such as a Derrickman who perform tasks involving a broad range of skilled applications applied in a wide variety of contexts, which may involve application of some discretion and judgement in selecting equipment, services or contingency measures.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

### Entry Requirements

There are no entry requirements for this qualification.

## Packaging Rules

Requirements for completion of the qualification

The following provides the packaging rules for this qualification, followed by the list of relevant units of competency.

Successful completion of fourteen (14) units of competency made up of:

- ten (10) core units, and
- four (4) elective units of which:
  - at least two (2) must be chosen from group A
  - up to two (2) may be chosen from group B
  - up to two (2) units from Certificate II, Certificate III or Certificate IV in this, or any other Training Package or accredited course

Units chosen must be relevant to the job function.

There are prerequisites to imported units listed in this qualification. Where a unit is imported as an elective care must be taken to ensure that all prerequisites specified are complied with. A prerequisite must be considered in the total number of units chosen.
