RII32218 Certificate III in Well Servicing Operations

Release 1

RII32218 Certificate III in Well Servicing Operations

Modification History

Release	Comments
Release 1	This qualification first released with RII Resources and Infrastructure Industry Training Package Version 3.0.

Qualification Description

This qualification reflects the role of employees, such as derrickman, motorman, or operator on a well servicing rig. People in this role perform tasks involving a broad range of skilled applications in a wide variety of contexts, which may involve some discretion and judgement in selecting equipment, services and contingency measures.

Licensing, legislative, regulatory and certification requirements that apply to this qualification can vary between States, Territories, and industry sectors, and must be sourced from state jurisdictions prior to applying the qualification.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

The following provides the packaging rules for this qualification, followed by the list of relevant units of competency.

Total number of units = 14

6 core units plus

8 elective units, of which:

- at least six (6) units must be chosen from the elective units listed
- no more than two (2) units may be chosen from elsewhere within this training package, or from another endorsed training package or accredited course.

All elective units selected from outside this qualification must reflect current occupational and learning outcomes of this AQF qualification level.

There are both licensed and non-licensed units of competency relating to high risk work in the Resources and Infrastructure Industry Training Package. To be appointed under any statutory requirements in related roles, units of competency should be selected to meet the state/territory licensing requirements.

There are no prerequisites to imported units listed in this qualification. Where a unit is imported as an elective, care must be taken to ensure that all prerequisites specified are complied with.

Core units of competency	
<i>Unit code</i>	<i>Unit title</i>
BSBFLM303	Contribute to effective workplace relationships
BSBWHS301	Maintain workplace safety
MSMPER200	Work in accordance with issued permit
RIIERR302E	Respond to local emergencies and incidents
RIIOGD209E	Operate and maintain ancillary equipment
RIIWSV302D	Well servicing trip production tubing / work string
Elective units of competency	
<i>Unit code</i>	<i>Unit title</i>
BSBDIV301	Work effectively with diversity
HLTAID003	Provide first aid
MSMENV172	Identify and minimise environmental hazards
RIICOM301D	Communicate information
RIIENV201D	Identify and assess environmental and heritage concerns
RIIHAN307E	Operate a vehicle loading crane
RIIHAN309F	Conduct telescopic materials handler operations
RIIOGD304D	Apply effective coal seam gas control practices
RIIOGD305D	Apply blow out prevention operational procedures
RIIRIS301D	Apply risk management processes
RIISAM209D	Carry out operational maintenance
RIIVEH305E	Operate and maintain a four wheel drive vehicle
