Release 3

RII41213 Certificate IV in Well Servicing Operations

Modification History

| Release | Comments |
|---------|--|
| 1 | This is a new qualification. |
| 2 | Superseded imported units updated. |
| 3 | Corrected modification history. Corrected elective prerequisite unit. |

Qualification Description

This qualification reflects the role of employees such as Derrickman working in a well servicing context. The Derrickman performs tasks involving a broad range of varied activities most of which are complex and non-routine. They are responsible for the quantity and quality of the output of others and contribute to the development of technical solutions to non-routine problems.

Licensing, legislative, regulatory and certification requirements that apply to this qualification can vary between states, territories, and industry sectors. Relevant information must be sourced prior to application of the qualification.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

Requirements for completion of the qualification

The following provides the packaging rules for this qualification, followed by the list of relevant units of competency.

Successful completion of fourteen (14) units of competency made up of:

- eight (8) core units, and
- six (6) elective units of which:
 - at least four (4) must be chosen from group A
 - up to two (2) may be chosen from group B
 - up to one (2) units may be chosen from Certificate III, Certificate IV or Diploma level from this, or any other Training Package or accredited course

Units chosen must be relevant to the job function.

There are both licensed and non-licensed units of competency relating to high risk work in the Resources and Infrastructure Industry Training Package. To be appointed under any statutory requirements in related roles, units of competency should be demonstrated to meet the state/territory licensing requirements. State/territory licensing requirements need to be confirmed by the Registered Training Organisation delivering and/or assessing the competency.

Note that there are prerequisites to imported units listed in this qualification.
