RII50715 Diploma of Drilling Oil & Gas (Off shore)

Release: 2

RII50715 Diploma of Drilling Oil & Gas (Off shore)

Modification History

Release	Comments
1	This qualification replaces RII50713 Diploma of Drilling Oil & Gas (Off shore). Amended packaging rules. Added new unit RIILAT402D Provide supervision in the leadership of diverse work teams to electives. Updated coding on imported units. Added qualification mapping information.

Qualification Description

This qualification reflects the role of a supervisor in an offshore drilling operation. The tasks performed involve a high level of autonomy and require the application of significant judgement in planning and determining the selection of equipment/roles/techniques for themselves and others. They are required to demonstrate the application of a broad range of technical, managerial, coordination and planning skills.

Licensing, legislative, regulatory and certification requirements that apply to this qualification can vary between states, territories, and industry sectors. Relevant information must be sourced prior to application of the qualification.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

The following provides the packaging rules for this qualification, followed by the list of relevant units of competency.

Total number of units = 17

15 core units plus

2 elective units, of which:

- no more than two (2) may be chosen from the elective list below or from elsewhere within this training package, or from another endorsed training package, or from an accredited course.

All elective units selected from outside this qualification must reflect current occupational and learning outcomes of this AQF qualification level.

There are both licensed and non-licensed units of competency relating to high risk work in the Resources and Infrastructure Industry Training Package. To be appointed under any statutory requirements in related roles, units of competency should be selected to meet the state/territory licensing requirements.

There are no prerequisites to imported units listed in this qualification. Where a unit is imported as an elective care must be taken to ensure that all prerequisites specified are complied with.

Core units of competency	
<i>Unit code</i>	<i>Unit title</i>
BSBCUS501	Manage quality customer service
BSBMGT517	Manage operational plan
BSBWHS501	Ensure a safe workplace
BSBWOR502	Lead and manage team effectiveness
RIIENV501D	Implement and maintain environmental management plan
RIIERR504D	Manage major incidents and emergencies
RIIGOV501D	Identify, implement and maintain legal compliance requirements
RIIOGD501E	Manage rig operations
RIIOGD502D	Plan and evaluate rig operations
RIIOGD503D	Oversee drilling operations
RIIOGD504D	Manage drilling operations
RIIPRM501D	Implement, monitor, rectify and report on contracts
RIIQUA501D	Implement, monitor and develop quality management plans
RIIRIS501D	Implement and maintain management systems to control risk
RIISAM502D	Manage general drilling equipment maintenance
Electives	
<i>Unit code</i>	<i>Unit title</i>
RIIBEF401D	Manage non-routine, complex technical situations
RIILAT402D	Provide supervision in the leadership of diverse work teams
RIIOGD505D	Manage drilling induction and orientation
RIIRIS403D	Manage and coordinate spill response

Qualification Mapping Information

Code and title current version	Code and title previous version	Comments	Equivalence status
RII50715 Diploma of Drilling Oil & Gas (Off shore)	RII50713 Diploma of Drilling Oil & Gas (Off shore)	Packaging rules changed to clarify intent; added one elective unit	Equivalent qualification
