RII60213 Advanced Diploma of Extractive Industries Management

Modification History

Release	Comments
1	Replaces RII60209 Advanced Diploma of Extractive Industries Management.
2	Corrected modification history.

Qualification Description

This qualification reflects the role of personnel working in a quarry or other extractive industries operations that perform tasks that are broad, specialised, complex and technical and include strategic areas and initiating activities. They are responsible for the establishment of the site management systems, plans and policies and are required to demonstrate self-directed application of theoretical and technical knowledge and initiate solutions to technical problems or management requirements.

No licensing, legislative or certification requirements apply to this qualification at the time of publication.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

Requirements for completion of the qualification

The following provides the packaging rules for this qualification, followed by the list of relevant units of competency.

Successful completion of fourteen (14) units of competency made up of:

- at least ten (10) must be chosen from the electives
- up to of four (4) units may come from Diploma or Advanced Diploma level from this or any other Training Package or accredited course

Units chosen must be relevant to the job function.
