**Release: 1**

# RIICBS407E Supervise the manufacture and delivery of hot mix asphalt

## Modification History

This unit replaces RIICBS407D Apply the principles for the manufacture and delivery of hot mix asphalt. Minor endorseable amendments have been made to Elements, Performance Criteria, Foundation Skills, Performance Evidence and Knowledge Evidence to better reflect current industry practices and clarify training outcomes.

## Application

This unit describes the skills and knowledge required to supervise the manufacture and delivery of hot mix asphalt in civil construction.

It applies to those working in supervisory roles. They are generally responsible for the output of others, contribute to the development of technical solutions to non-routine problems and apply management plans to the workplace.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

## Unit Sector

Civil construction

## Elements and Performance Criteria

ELEMENT	PERFORMANCE CRITERIA
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Prepare for applying the principles for the manufacture and delivery of hot mix asphalt	1.1 Obtain, interpret and confirm work requirements 1.2 Access, interpret and apply documentation required for supervising the manufacture and delivery of hot mix asphalt and confirm the work activity is compliant 1.3 Prepare and implement an action plan, in consultation with team members 1.4 Confirm required resources are acquired and made available for task 1.5 Monitor risk management and environmental protection and address non-compliance
2. Prepare team members to execute tasks	2.1 Identify team member training requirements and develop and implement training plans

ELEMENT	PERFORMANCE CRITERIA
	2.2 Issue task instructions to team members and others involved according to job requirements 2.3 Confirm all team members are trained in emergency procedures and can identify steps required in case of fire, accident and other emergencies
3. Oversee the manufacture and delivery of hot mix asphalt	3.1 Monitor the manufacture and delivery of hot mix asphalt 3.2 Initiate adjustments to work practice and job plan as required and confirm outcomes meet job requirements 3.3 Oversee maintenance of plant, equipment and tools and confirm maintenance is recorded as required
4. Report on hot mix asphalt manufacture and delivery	4.1 Complete and submit reports as required 4.2 Recommend changes to improve the manufacture and delivery of hot mix asphalt

## Foundation Skills

*This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria.*

Skill	Description
Reading	<ul style="list-style-type: none"> <li>Identifies and interprets complex information from workplace procedures, documentation, legislation, regulations, and team member training needs assessments</li> </ul>
Writing	<ul style="list-style-type: none"> <li>Writes job plans, organisational procedures and specifications considering available resources and time frames</li> </ul>
Oral Communication	<ul style="list-style-type: none"> <li>Presents workplace procedures and technical instructions to a group using sector-specific vocabulary</li> </ul>

## Unit Mapping Information

Supersedes and is equivalent to RIICBS407D Apply the principles for the manufacture and delivery of hot mix asphalt.
