RIICWD506D Prepare detailed design of canals

Release: 1

RIICWD506D Prepare detailed design of canals

Modification History

Not applicable.

Application

This unit describes a participant's skills and knowledge required to prepare detailed designs of canals in Civil construction.

This unit is appropriate for those working in management roles.

No licensing, legislation or certification requirements apply to this unit at the time of publication.

Unit Sector

Civil construction

Elements and Performance Criteria

<p>1. Plan for the detailed design of canals</p>	<p>1.1 Access, interpret and apply canal design documentation and ensure the work activity is compliant</p> <p>1.2 Obtain, read, interpret, clarify and confirm work requirements</p> <p>1.3 Identify and confirm the canal's project requirements and information</p> <p>1.4 Prepare a design plan which makes best use of the available resources and meets the design requirements</p>
<p>2. Undertake the detailed design of canals</p>	<p>2.1 Interpret and analyse data and identify options</p> <p>2.2 Interpret and analyse relevant data and recommend the preferred option that best meets the required project outcomes</p> <p>2.3 Complete the detailed design of the canals</p> <p>2.4 Prepare a cost estimate of executing the designed canals</p> <p>2.5 Participate in the review of the canal designs with peers and stakeholders</p> <p>2.6 Complete documentation for the canal designs</p> <p>2.7 Monitor and coordinate the progress of other team members involved in the design process</p> <p>2.8 Gain design approval</p>
<p>3. Finalise design processes of canals</p>	<p>3.1 Ensure filing of design records is completed</p> <p>3.2 Complete and submit design cost and other reporting</p> <p>3.3 Participate in performance review of the design process</p> <p>3.4 Seek client feedback and contribute to the verification of the design</p> <p>3.5 Close out all systems</p>

4. Support and review the application of the design of canals	4.1 Provide clarification and advice to those applying the design 4.2 Review the application of the design and recommend changes for continuous improvement 4.3 Contribute to the validation of the design
---	--

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit. Further information is available in the Resources and Infrastructure Industry Training Package Companion Volume.
