Assessment Requirements for RIEGS302D Plan and undertake field trip

Release: 1

Assessment Requirements for RIEGS302D Plan and undertake field trip

Modification History

Not applicable.

Performance Evidence

Evidence is required to be collected that demonstrates a candidate's competency in this unit. Evidence must be relevant to the roles within this sector's work operations and satisfy all of the requirements of the performance criteria of this unit and include evidence that the candidate:

- locates and applies relevant documentation, policies and procedures
- implements the requirements, procedures and techniques for the safe, effective and efficient completion of planning and undertaking field trips including:
 - erecting shelters
 - collecting food and water
 - lighting fires
 - navigating with maps and stars
 - using portable gas and electricity equipment
 - identifying and using communications systems
- works effectively with others to complete the planning and undertaking of field trips that meets all of the required outcomes including:
 - communicating clear and concise information
 - co-operating with co-workers to achieve safe and harmonious working environment
- demonstrates consistent, timely completion of planning and undertaking field trips that safely, effectively and efficiently meet all of the required outcomes on a minimum of three (3) separate occasions including:
 - planning accesses, traverses and camp site locations
 - planning, obtaining and stowing supplies
 - establishing the camp to accommodate team
 - participating in catering, hygiene and security activities
 - monitoring use of supplies against trip plan
 -

Knowledge Evidence

The candidate must demonstrate knowledge of planning and undertaking a field trip through:

- following organisation and site requirements and procedures for planning and undertaking field trips
- identifying and applying planning and scheduling systems
- identifying and applying systems for site access approvals
- complying with relevant regulations, licenses and permits, including land-use permits
- accessing historical mining data of field site
- preparing trip plan and logistics
- preparing supply sources, costs and availability
- applying basic vehicle maintenance techniques
- using vehicle for survival
-

Assessment Conditions

- An assessor of this unit must satisfy the requirements of the NVR/AQTF or their successors; and Industry regulations for certification and licensing; and,
- this unit must be assessed in the context of this sector's work environment; and,
- this unit must be assessed using Resources and Infrastructure Industry sector specific policies, procedures, processes and operational manuals; and,
- an assessor must demonstrate the skills and knowledge of this unit through five (5) years of current and continuous work with the Industry sector and must hold the TAE Assessor Skill Set or equivalent.
