RIENV202D Suppress airborne contaminants

Release: 2

RIENV202D Suppress airborne contaminants

Modification History

| Release | Comment |
|---------|---|
| 1 | This unit replaces RIENV202A Suppress airborne contaminants |
| 2 | Required frequency and volume of evidence amended in Performance evidence. Substantial amendments made in Assessment Conditions field, including: references to Industry Sectors, assessor and subject matter expert experience requirements, how assessment should be conducted and what it should confirm. |

Application

This unit describes a participant's skills and knowledge required to suppress airborne contaminants in the Resources and Infrastructure Industries.

This unit is appropriate for those working in operational roles.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Elements and Performance Criteria

| | |
|--|---|
| 1 Plan and prepare for suppressing airborne contaminant operations | <p>1.1 Access, interpret and apply environmental and airborne contaminant suppression documentation and ensure the work activity is compliant</p> <p>1.2 Obtain, interpret and clarify/confirm the requirement for airborne contaminant suppression through shift briefings, handover details or procedures before proceeding</p> <p>1.3 Select airborne contaminant suppression method and ensure compliance</p> <p>1.4 Identify, address and report environmental issues</p> <p>1.5 Identify any areas that require communicating with others and communicate appropriately</p> <p>1.6 Identify emergency procedures and ensure safety of others, plant and equipment</p> |
| 2 Eliminate, suppress, minimise airborne contaminants | <p>2.1 Select appropriate procedure/s and/or equipment to eliminate, suppress or minimise airborne contaminants</p> <p>2.2 Operate airborne contaminant suppression equipment and</p> |

| | |
|----------------------------------|--|
| | <p>monitor using appropriate method for site conditions</p> <p>2.3 Adjust airborne contaminant suppression activities according to schedule, weather or site conditions</p> <p>2.4 Act upon and report on monitoring systems and alarms</p> <p>2.5 Recognise and respond to hazardous and emergency situations</p> <p>2.6 Maintain written records</p> |
| 3 Carry out operator maintenance | <p>3.1 Carry out inspections and fault-finding activities</p> <p>3.2 Carry out routine operational servicing, lubrication and housekeeping tasks</p> <p>3.3 Carry out minor maintenance</p> <p>3.4 Provide support to maintenance personnel in preparing for, or during minor and major maintenance tasks</p> <p>3.5 Process written maintenance records</p> |

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit. Further information is available in the Resources and Infrastructure Industry Training Package Companion Volume.
