RIIHAN211D Conduct basic scaffolding operations

Release: 1

RIIHAN211D Conduct basic scaffolding operations

Modification History

Not applicable.

Application

This unit describes a participant's skills and knowledge required to conduct basic scaffolding operations in the Resources and Infrastructure Industries.

This unit is appropriate for those working in operational roles.

The work required in this unit relates to the National Standard for High Risk Work.

Licensing, legislative, regulatory and certification requirements that apply to this unit can vary between states, territories and industry sectors. Relevant information must be sourced prior to application of the unit.

Elements and Performance Criteria

1. Plan and prepare for basic scaffolding operations	<p>1.1 Access, interpret and apply scaffolding documentation and ensure the work activity is compliant</p> <p>1.2 Obtain, read, interpret, clarify and confirm work requirements and safety information before proceeding</p> <p>1.3 Select and wear personal protective equipment appropriate for work activities</p> <p>1.4 Develop the preliminary scaffolding plan</p> <p>1.5 Confirm site preparation with appropriate personnel and identify and address potential risks, hazards and environmental issues, and implement control measures</p> <p>1.6 Identify and select equipment</p> <p>1.7 Check equipment is ready for use and report verbally or in writing, label and repair any defects within functional responsibility</p> <p>1.8 Confirm scaffolding plan</p>
2. Erect and maintain basic scaffolding	<p>2.1 Erect scaffolding</p> <p>2.2 Adhere to safety requirements at heights, on incomplete structures and in confined spaces</p> <p>2.3 Install static lines</p> <p>2.4 Assemble and erect lifting device</p> <p>2.5 Inspect critical structural and safety areas and equipment periodically while in use, identify any variation from the plan and record in writing inspection in inspection log</p> <p>2.6 Perform alteration or repair to critical structural and safety areas and equipment</p>
3. Dismantle basic scaffolding	<p>3.1 Isolate scaffolding and appropriately sign and barricade</p> <p>3.2 Inspect, classify, label and dismantle scaffolding using the reverse procedure for erection</p>

	3.3	Clear work area and dispose of used and recycled materials
	3.4	Clean, check and store equipment and tools

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit. Further information is available in the Resources and Infrastructure Industry Training Package Companion Volume.
