RIIMCU210D Conduct stonedusting operations

Release: 2

RIIMCU210D Conduct stonedusting operations

Modification History

Release	Comment
1	This unit replaces RIIMCU210A Conduct stonedusting operations
2	Required frequency and volume of evidence amended in Performance evidence. Substantial amendments made in Assessment Conditions field, including: references to Industry Sectors, assessor and subject matter expert experience requirements, how assessment should be conducted and what it should confirm.

Application

This unit describes a participant's skills and knowledge required to conduct stonedusting operations in Coal mining.

This unit is appropriate for those working in operational roles.

Licensing, legislative, regulatory and certification requirements that apply to this unit can vary between States, Territories and Industry sectors. Relevant information must be sourced prior to the application of this unit.

Unit Sector

Coal mining

Elements and Performance Criteria

1. Plan and prepare to conduct stonedusting operations	1.1 Access, interpret and apply stonedusting operations documentation and ensure the work activity is compliant 1.2 Obtain, read, interpret, clarify and confirm work requirements 1.3 Identify and address potential risks, hazards and environmental issues and implement control measures 1.4 Select and wear appropriate personal protective equipment and protective clothing 1.5 Access, interpret and apply mine environmental data required to complete the allocated work 1.6 Coordinate and transport resources to the worksite 1.7 Identify, select and check for faults, equipment and materials 1.8 Obtain and interpret emergency procedures and be prepared
