# **RIIMCU303D Conduct continuous miner operations**

**Release: 2**

## RIIMCU303D Conduct continuous miner operations

### Modification History

Release	Comment
1	This unit replaces RIIMCU303A Conduct continuous miner operations
2	Required frequency and volume of evidence amended in Performance evidence. Substantial amendments made in Assessment Conditions field, including: references to Industry Sectors, assessor and subject matter expert experience requirements, how assessment should be conducted and what it should confirm.

### Application

This unit describes a participant's skills and knowledge required to conduct continuous miner operations in Coal mining.

#### **This unit is appropriate for those working in operational roles**

Licensing, legislative, regulatory and certification requirements that apply to this unit can vary between States, Territories and Industry sectors. Relevant information must be sourced prior to the application of this unit.

### Unit Sector

Coal mining

### Elements and Performance Criteria

1. Plan and prepare to conduct continuous miner operations	<p>1.1 Access, interpret and apply continuous miner operations documentation and ensure the work activity is compliant</p> <p>1.2 Obtain, read, interpret, clarify and confirm work requirements</p> <p>1.3 Identify and address potential risks, hazards and environmental issues and implement control measures</p> <p>1.4 Select and wear appropriate personal protective equipment and protective clothing</p> <p>1.5 Access, interpret and apply mine environmental, geological and survey data required to complete the allocated work</p> <p>1.6 Obtain and interpret emergency procedures and be prepared for fire/accident/emergency</p>
2. Flit continuous	2.1 Communicate and coordinate activities with others throughout

miner, cut and load coal	<p>the work activity</p> <p>2.2 Carry out pre-start, start-up, shutdown and isolation procedures Operate continuous miner</p> <p>2.3 Flit continuous miner</p> <p>2.4 Cut roadway/headings to sequence and site conditions, maintaining line and level in accordance with the development plan</p> <p>2.5 Monitor systems and alarms and rectify or report factors adversely affecting production</p> <p>2.6 Identify/monitor and respond to changing geological conditions</p> <p>2.7 Continually monitor hazards and risks , and ensure safety of self, other personnel, plant and equipment</p>
3. Carry out operator maintenance	<p>3.1 Prepare machine/equipment for maintenance</p> <p>3.2 Conduct inspection and fault finding</p> <p>3.3 Carry out scheduled maintenance tasks</p> <p>3.4 Carry out housekeeping activities</p> <p>3.5 Process written maintenance records</p>

## Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit. Further information is available in the Resources and Infrastructure Industry Training Package Companion Volume.

## Unit Mapping Information

RIIMCU303A Conduct continuous miner operations
