RIIMCU311D Monitor control processes

Release: 3

RIIMCU311D Monitor control processes

Modification History

Release	Comment
1	This unit replaces RIIMCU311A Monitor control processes
2	Inserted missing Assessment Conditions
3	Required frequency and volume of evidence amended in Performance evidence. Substantial amendments made in Assessment Conditions field, including: references to Industry Sectors, assessor and subject matter expert experience requirements, how assessment should be conducted and what it should confirm.

Application

This unit describes a participant's skills and knowledge required to monitor control processes in Coal Mining.

This unit is appropriate for those working in operational roles

Licensing, legislative, regulatory and certification requirements that apply to this unit can vary between States, Territories and Industry sectors. Relevant information must be sourced prior to the application of this unit.

Unit Sector

Coal mining

Elements and Performance Criteria

1. Plan and prepare to monitor control processes	<p>1.1 Access, interpret and apply monitor control processes documentation and ensure the work activity is compliant</p> <p>1.2 Obtain, read, interpret, clarify and confirm work requirements</p> <p>1.3 Identify and address potential risks, hazards and environmental issues and implement control measures</p> <p>1.4 Select and wear appropriate personal protective equipment and protective clothing</p> <p>1.5 Obtain and interpret emergency procedures and be prepared for fire/accident/emergency</p> <p>1.6 Select monitoring equipment and check for faults</p>
--	---

	1.7 Identify and locate all equipment and services under monitoring control
2. Monitor and control operations	<p>2.1 Monitor mine processes and identify equipment availability, service availability for continuity of production</p> <p>2.2 Report faults within processes, equipment or services, to the appropriate authority for remedial action</p> <p>2.3 Continually monitor hazards and risks, and ensure safety of self, other personnel, plant and equipment</p> <p>2.4 Provide status reports to those who are or may be affected by the faults or disruption to production</p> <p>2.5 Monitor and report remedial actions and the effects on production</p>
3. Record operational information	<p>3.1 Provide handover reports</p> <p>3.2 Process records</p>

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit. Further information is available in the Resources and Infrastructure Industry Training Package Companion Volume.
