RIIMPO335D Conduct skid steer loader operations without attachments

Release: 3

RIIMPO335D Conduct skid steer loader operations without attachments

Modification History

Release	Comment
1	This unit replaces RIIMPO332A Conduct operations with skid steer loader
2	Removed repetition from Performance Criteria; amend reference to Licensing requirements in Unit Application; editorial corrections.
3	Required frequency and volume of evidence amended in Performance evidence. Substantial amendments made in Assessment Conditions field, including: references to Industry Sectors, assessor and subject matter expert experience requirements, how assessment should be conducted and what it should confirm.

Application

This unit describes a participant's skills and knowledge required to conduct operations with skid steer loaders without attachments in Coal and Metalliferous mining and Extractive.
This unit is appropriate for those working in operational roles.
Licensing, legislative, regulatory and certification requirements that apply to this unit can vary between states, territories, and Industry sectors. Relevant information must be sourced prior to application of the unit.

Unit Sector

Coal mining
Extractive
Metalliferous mining

Elements and Performance Criteria

1. Plan and prepare for skid steer loader operations	1.1 Access, interpret and apply skid steer loader operations documentation and ensure the work activity is compliant
	1.2 Obtain, read, interpret, clarify and confirm work requirements
	1.3 Identify and address potential risks, hazards and environmental issues, and implement control measures
	1.4 Select and wear personal protective equipment appropriate for work activities
	1.5 Obtain, identify and implement traffic signage requirements
	1.6 Select, and check for faults, equipment and/or attachments for work activities
	1.7 Identify, confirm and apply environmental protection requirements
	1.8 Obtain and interpret emergency procedures, and be prepared for fire/accident/emergency
2. Operate skid steer loader	2.1 Carry out pre-start, start-up, park, shutdown and secure equipment procedures
	2.2 Coordinate activities with others at the site prior to commencement of, and during the work activity
	2.3 Continually monitor hazards and risks, and ensure safety of self, other personnel, plant and equipment
	2.4 Drive and operate loader, and modify the operating technique to meet changing work conditions
	2.5 Complete work plan within the operating capacity of the equipment
	2.6 Act on or report monitoring systems and alarms
3. Load, carry and place materials	3.1 Conduct communication practices associated with transportation and loading of materials
	3.2 Establish weight of load and ensure it is within safe operational limits of the machine
	3.3 Position machinery to ensure stability and effectively shift materials according to job specifications
	3.4 Shift load safely and effectively
	3.5 Move load using hand/audible/communication signals
4. Relocate the skid steer loader	4.1 Prepare skid steer loader for relocation
	4.2 Move skid steer loader safely between worksites, observing relevant codes and traffic management requirements

	4.3	Load and unload machine from float/trailer
5. Carry out machine operator maintenance	5.1	Prepare machine for maintenance
	5.2	Conduct inspection and fault finding
	5.3	Carry out scheduled maintenance tasks
	5.4	Return the machine to service
	5.5	Process written maintenance records
6. Conduct housekeeping activities	6.1	Clear work area and dispose of or recycle materials
	6.2	Manage and/or report hazards, and maintain a safe working environment
	6.3	Process records

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit. Further information is available in the Resources and Infrastructure Industry Training Package Companion Volume.

Unit Mapping Information

No equivalent unit
