## RIIMPO401D Supervise mobile plant operations

### Modification History

| Release | Comment                                                                                                                                                                                                                                                                                                      |
|---------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1       | This unit replaces RIIMPO401A Supervise mobile plant operations.                                                                                                                                                                                                                                             |
| 2       | Amended Knowledge Evidence; amend reference to Licensing requirements in Unit Application; editorial corrections.                                                                                                                                                                                            |
| 3       | Required frequency and volume of evidence amended in Performance evidence. Substantial amendments made in Assessment Conditions field, including: references to Industry Sectors, assessor and subject matter expert experience requirements, how assessment should be conducted and what it should confirm. |

### Application

This unit describes a participant's skills and knowledge required to supervise mobile plant operations in Coal and Metalliferous mining, Extractive and Civil construction.

This unit is appropriate for those working in supervisory roles.

Licensing, legislative, regulatory and certification requirements that apply to this unit can vary between states, territories, and Industry sectors. Relevant information must be sourced prior to application of the unit.

### Unit Sector

Civil construction

Coal mining

Extractive

Metalliferous mining

### Elements and Performance Criteria

|                                                             |                                                                                                                                                                                                                                                                                                                                                                                |
|-------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. Plan, prepare for supervision of mobile plant operations | <p>1.1 Access, interpret, apply mobile plant operations documentation, and ensure the work activity is compliant</p> <p>1.2 Obtain, read, interpret, clarify and confirm work requirements</p> <p>1.3 Identify and address risks, hazards and environmental issues and implement control measures</p> <p>1.4 Select and wear personal protective equipment appropriate for</p> |
|-------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

|                                                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |
|--------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                                                              | <p>work activities</p> <p>1.5 Obtain, interpret and share with team members the geological and survey data required to complete the mobile plant operations</p> <p>1.6 Prepare and implement an action plan, in consultation with team members, making best use of the available resources</p> <p>1.7 Acquire and make available the necessary resources</p> <p>1.8 Issue clear and timely instructions to team members and others involved</p> <p>1.9 Monitor risk management and environmental protection and address non-compliance</p> <p>1.10 Ensure all team members are trained in emergency procedures and are prepared for fire/accident/emergency</p> |
| 2. Monitor, adjust and report on execution of the operations | <p>2.1 Ensure safe, effective and efficient use of mobile plant and equipment</p> <p>2.2 Monitor operations performance and ensure achievement of planned outcomes</p> <p>2.3 Initiate adjustments to work programs, in consultation with team members, to take into account non-achievement of planned outcomes</p> <p>2.4 Identify training requirements of individuals and teams</p> <p>2.5 Complete and submit reports</p> <p>2.6 Submit reasoned recommendations to improve the safety, efficiency and effectiveness of the operations</p>                                                                                                                 |

## Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit. Further information is available in the Resources and Infrastructure Industry Training Package Companion Volume.

## Unit Mapping Information

RIIMPO401A Supervise mobile plant operations
