RPOGD402D Participate in nipping-up and pressure test

Release: 3

RIIOGD402D Participate in nipping-up and pressure test

Modification History

Release	Comment
1	This unit replaces RIIOGD402A Participate in nipping-up and pressure test
2	Performance Criteria amended to make requirements more explicit.
3	Required frequency and volume of evidence amended in Performance evidence. Substantial amendments made in Assessment Conditions field, including: references to Industry Sectors, assessor and subject matter expert experience requirements, how assessment should be conducted and what it should confirm.

Application

This unit describes a participant's skills and knowledge required to apply assist in maintaining rig safety and emergency procedures in Drilling.

This unit is appropriate for those working in assistant roles.

Licensing, legislative, regulatory and certification requirements that apply to this unit can vary between states, territories, and industry sectors. Relevant information must be sourced prior to application of the unit.

Unit Sector

Drilling

Elements and Performance Criteria

1. Plan and prepare for nipping-up and pressure testing	1.1 Access, interpret and apply documentation for participating in nipping-up and pressure testing and ensure the work activity is compliant 1.2 Obtain, read, interpret, clarify and confirm work requirements 1.3 Identify, address and report potential hazards, risks and environmental issues and implement control measures 1.4 Select and wear personal protective equipment appropriate to work activities 1.5 Resolve coordination requirements with others at the site prior to commencing, during, and on completion of work activities
---	--

	1.6 Check and adjust casing bowl and position level 1.7 Perform blow out prevention (BOP) test as per operator's written instructions 1.8 Carry out rig-up to drill-out operations 1.9 Carry out pressure tests prior to drilling out and record results
2. Pressure testing during intermediate and/or main holes	2.1 Confirm pressure test program/timing 2.2 Check cup testers and plugs for sizing and integrity 2.3 Monitor and maintain stack within deviation limit
3. Conduct housekeeping activities	3.1 Clean, check, maintain and store plant, tools and equipment 3.2 Report issues identified with plant, tools and equipment

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit. Further information is available in the Resources and Infrastructure Industry Training Package Companion Volume.
