RIIPHA201D Operate raw material feed systems

Release: 2

RIIPHA201D Operate raw material feed systems

Modification History

Release	Comment
1	This unit replaces RIIPHA201A Operate raw material feed systems
2	Required frequency and volume of evidence amended in Performance evidence. Substantial amendments made in Assessment Conditions field, including: references to Industry Sectors, assessor and subject matter expert experience requirements, how assessment should be conducted and what it should confirm.

Application

This unit describes a participant's skills and knowledge required to operate raw material feed systems in Metalliferous Mining.

This unit is appropriate for those working in operational roles.

Licensing, legislative, regulatory and certification requirements that apply to this unit can vary between states, territories, and Industry sectors. Relevant information must be sourced prior to application of the unit.

Unit Sector

Metalliferous mining

Elements and Performance Criteria

1. Plan and prepare for operating raw material feed systems	1.1. Access, interpret and apply raw material feed systems documentation and ensure the work activity is compliant Obtain, interpret, clarify and confirm work instructions and shift changeover details before proceeding 1.2. Select and wear personal protective equipment appropriate for the activity 1.3. Obtain and interpret emergency procedures, and be prepared for fire/accident/emergency 1.4. Identify, address and report potential hazards, risks and environmental issues 1.5. Communicate and coordinate activities with others throughout the work activity
---	---

	1.6. Perform pre-start-up checks
2. Deliver raw materials	2.1. Clear conveyor belts at the earliest opportunity during emergency stop 2.2. Empty conveyor belts prior to stopping 2.3. Remove tramp metals from materials to prevent damage to equipment and conveyors 2.4. Convey materials to bunkers minimising spillage 2.5. Operate mobile and fixed equipment efficiently

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit. Further information is available in the Resources and Infrastructure Industry Training Package Companion Volume.
