RIIPRO401D Supervise processing operations

Release: 2

RIIPRO401D Supervise processing operations

Modification History

Release	Comment
1	This unit replaces RIIPRO401A Supervise processing operations
2	Required frequency and volume of evidence amended in Performance evidence. Substantial amendments made in Assessment Conditions field, including: references to Industry Sectors, assessor and subject matter expert experience requirements, how assessment should be conducted and what it should confirm.

Application

This unit develops a participant's skills and knowledge required to supervise processing operations in Coal and Metalliferous mining.

This unit is appropriate for those working in supervisory roles

No licensing, legislative or certification requirements apply to this unit at the time of publication

Unit Sector

Coal mining

Metalliferous mining

Elements and Performance Criteria

1. Plan, prepare for supervision of processing operations	<p>1.1 Access, interpret and apply processing operations documentation and ensure the work activity is compliant</p> <p>1.2 Obtain, read, interpret, clarify and confirm work requirements</p> <p>1.3 Identify and address potential risks, hazards and environmental issues, and implement control measures</p> <p>1.4 Select and wear correct personal protective equipment appropriate for work activities</p> <p>1.5 Access and share with team members the required geological and survey data</p> <p>1.6 Prepare an action plan, in consultation with team members, making best use of the available resources</p>
---	--

	<p>1.7 Acquire and make available the necessary resources</p> <p>1.8 Identify training requirements of individuals/teams and develop training plans</p>
<p>2. Initiate processing operations and maintenance activities</p>	<p>2.1 Assign responsibilities and issue clear and timely instructions to team members and others involved</p> <p>2.2 Ensure hand over from shift to shift, and changes to operations, are clearly informed</p> <p>2.3 Set up maintenance systems to meet the requirements of the processing plan</p> <p>2.4 Implement training plans</p>
<p>3. Monitor, adjust and report on execution of the processing operations</p>	<p>3.1 Ensure safe, effective and efficient execution of tasks</p> <p>3.2 Monitor processing operations performance and ensure achievement of planned outcomes</p> <p>3.3 Initiate adjustments to work programs to address non-achievement of planned outcomes</p> <p>3.4 Complete and submit written reports</p> <p>3.5 Recommend changes to improve the safety, efficiency and effectiveness of the processing operations</p>

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit. Further information is available in the Resources and Infrastructure Industry Training Package Companion Volume.
