infrastructure materials and safely dispose
of nontoxic materials**

Release: 1

RIISAM201E Handle resources and infrastructure materials and safely dispose of nontoxic materials

Modification History

Release	Comments
Release 1	This version first released with RII Resources and Infrastructure Industry Training Package Version 5.0.

Application

This unit describes the skills and knowledge required to handle resources and infrastructure materials and safely dispose of nontoxic materials in the resources and infrastructure industries.

It applies to those working in operational roles. They generally work under supervision to undertake a prescribed range of functions involving known routines and procedures and take responsibility for the quality of own work outcomes.

Licensing, legislative and certification requirements may apply to this unit and can vary between states, territories and industry sectors. Users must check requirements with relevant body before applying the unit.
