**Release: 1**

# Assessment Requirements for RIIVEH202E Operate a medium vehicle

## Modification History

Release	Comment
1	This unit replaces RIIVEH202D Operate a medium vehicle. Performance criteria 1.5 amended to remove 'carry out log on procedures'. Added mapping table.

## Performance Evidence

Evidence is required to be collected that demonstrates a candidate's competency in this unit. Evidence must be relevant to the roles within this sector's work operations and satisfy all of the requirements of the performance criteria of this unit and include evidence that the candidate:

- locates and applies relevant documentation, policies and procedures
- demonstrates completion of operating medium vehicle that safely, effectively and efficiently meets all of the required outcomes on more than one (1) occasion including:
  - organising work activities to comply with site standards
  - carrying out pre-start and start-up checks on medium vehicle and ancillary equipment
  - operating, steering, manoeuvring and positioning vehicle and ancillary equipment
  - carrying out inspections and identifying faults
  - processing written records and reports

## Knowledge Evidence

The candidate must demonstrate knowledge of the following when operating a medium vehicle:

- organisation and site requirements and procedures
- driving hazards and related defensive driving techniques
- equipment and trailer characteristics, technical capabilities and limitations
- fatigue management techniques
- medium vehicle maintenance requirements/procedures
- medium vehicle refuelling procedures
- loading/offloading procedures
- map reading and road navigation techniques
- road rules, regulations, permit and license requirements of the relevant state/territory road traffic authority
- methods of securing loads

- differences between transmission types
- principles of operation of air brakes and procedures for their use

## Assessment Conditions

- Assessors must satisfy the Standards for Registered Training Organisations (RTOs) 2015/AQTF mandatory competency requirements for assessors; and industry regulations for certification and licensing; and,
- this unit must be assessed in the context of this sector's work environment; and,
- this unit must be assessed in compliance with relevant legislation/regulation and using policies, procedures, processes and operational manuals directly related to the industry sector for which it is being assessed; and,
- assessment may be conducted in conjunction with the assessment of other units of competency; and,
- assessment must confirm consistent performance can be applied in a range of relevant workplace circumstances; and,
- assessors must demonstrate the performance evidence, and knowledge evidence as outlined in this Unit of Competency, and through the minimum years of current\* work experience specified below in an industry sector relevant to the outcomes of the unit; or,
- where the assessor does not meet experience requirements a co-assessment or partnership arrangement must exist between the qualified assessor and an industry subject matter expert. The industry subject matter expert should hold the unit being assessed (or an equivalent unit) and/or demonstrate equivalence of skills and knowledge at the unit level. An industry technical expert must also demonstrate skills and knowledge from the minimum years of current work experience specified below in the industry sector, including time spent in roles related to the unit being assessed; and,
- assessor and industry subject matter expert requirements differ depending on the Australian Qualifications Framework Level (AQF) of the qualification being assessed and/or industry Sector as follows:

Industry sector	AQF** Level	Required assessor or industry subject matter expert experience
Drilling, Metalliferous Mining, Coal Mining, Extractive (Quarrying) and Civil Construction	1	1 Year
	2	2 Years
Drilling, Coal Mining and Extractive (Quarrying)	3-6	3 Years
Metalliferous Mining and Civil Construction	3-6	5 Years
Other sectors	Where this unit is being assessed outside of the Resources and Infrastructure Sectors, assessor and/or industry subject matter expert experience should be in-line with industry	

	standards for the sector in which it is being assessed and, where no industry standard is specified, should comply with any relevant regulation.
--	--

\*Assessors can demonstrate current work experience through employment within industry in a role relevant to the outcomes of the unit; or, for external assessors this can be demonstrated through exposure to industry by conducting frequent site assessments across various locations.

\*\*Where a unit is being delivered outside of a qualification the first numeric character in the unit code should be considered to indicate the AQF level.
