RIIVEH303F Drive heavy combination vehicle

Release: 2

RIIVEH303F Drive heavy combination vehicle

Modification History

Release	Comments
Release 1	This version first released with RII Resources and Infrastructure Industry Training Package Version 5.0.
Release 2	This version was released with RII Resources and Infrastructure Industry Training Package Version 8.0. Minor update of unit of competency. Amendments made to wording of elements and performance criteria to better reflect intent.

Application

This unit describes the skills and knowledge required to drive a heavy combination vehicle in the resources and infrastructure industries.

It applies to those working in supervisory and technical specialist roles. They generally work under minimal supervision to undertake a broad range of skilled applications in varied work contexts, using some discretion and judgement in selecting equipment, services or contingency measures.

Licensing, legislative and certification requirements may apply to this unit and can vary between states, territories and industry sectors. Users must check requirements with relevant body before applying the unit.

Elements and Performance Criteria

ELEMENT	PERFORMANCE CRITERIA
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Plan and prepare for heavy combination vehicle operations	1.1 Obtain, interpret and confirm work requirements 1.2 Access, interpret and apply documentation required to conduct heavy combination vehicle operations 1.3 Access, interpret and apply available information about site conditions required to complete the allocated work in accordance with site procedures 1.4 Prepare vehicle records and carry out log-on procedures according to workplace procedures

ELEMENT	PERFORMANCE CRITERIA
2. Operate heavy combination vehicle	2.1 Determine coordination activities with others prior to commencement of, and during, the work activity 2.2 Carry out prestart, start-up, park-up and shutdown procedures 2.3 Attach ancillary attachments to the heavy combination vehicle according to manufacturer specifications 2.4 Operate heavy combination vehicle with and without ancillary attachments 2.5 Manage engine power, ensure efficiency of vehicle movement, minimise strain to the engine and drive line according to manufacturer specifications 2.6 Recognise and respond to hazardous and emergency situations according to workplace procedures 2.7 Complete work activity within the operating capacity of the heavy combination vehicle
3. Couple and uncouple trailers	3.1 Carry out coupling and uncoupling trailer according to manufacturer specifications 3.2 Check prime mover and trailer according to manufacturer specifications
4. Carry out operator maintenance	4.1 Carry out equipment inspections and fault finding according to workplace procedures 4.2 Carry out routine operational maintenance, servicing, lubrication and housekeeping tasks according to workplace procedures 4.3 Carry out minor maintenance according to workplace procedures 4.4 Provide operator support during preparation for, and conduct of, major maintenance tasks 4.5 Process written maintenance records according to workplace procedures

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria.

SKILL	DESCRIPTION
Reading	• Identifies and interprets information from workplace procedures, documentation and regulations
Self-management	• Monitors and minimises own exposure to worksite risks and hazards during activities

Mapping Information

Supersedes and is equivalent to RIIVEH303E Drive heavy combination vehicle.
