RIIWHS405D Maintain standard procedures and safe working practices

Release: 4

RIIWH5405D Maintain standard procedures and safe working practices

Modification History

Release	Comment
1	The unit replaces RIIOHS404A Implement and monitor health and hygiene management systems.
2	Editorial corrections.
3	Amended Application field.
4	Required frequency and volume of evidence amended in Performance evidence. Substantial amendments made in Assessment Conditions field, including: references to Industry Sectors, assessor and subject matter expert experience requirements, how assessment should be conducted and what it should confirm.

Application

This unit describes a participant's skills and knowledge required to maintain standard procedures and safe working practices in Drilling.

This unit is appropriate for those working in supervisory roles where risk needs to be managed.

Licensing, legislative, regulatory and certification requirements that apply to this unit can vary between states, territories, and Industry sectors. Relevant information must be sourced prior to application of the unit.

Note: The terms Occupational Health and Safety (OHS) and Work Health and Safety (WHS) are equivalent and generally either can be used in the workplace. In jurisdictions where the National Model WHS Legislation has not been implemented RTOs are advised to contextualise the unit of competency by referring to the existing State/Territory OHS legislative requirements.

Unit Sector

Drilling

Elements and Performance Criteria

1 Conduct daily rig maintenance and safety	1.1 Access, interpret and apply standard procedures and safe working practices documentation and ensure the work activity is
--------------------------------------------	------------------------------------------------------------------------------------------------------------------------------

inspection	<p>compliant</p> <p>1.2 Undertake rig safety checks before tour and discuss equipment problems with previous tour driller</p> <p>1.3 Spot check maintenance procedures against plans, identify and rectify anomalies and maintain written records</p> <p>1.4 Conduct pre-tour work health and safety meetings with team members</p>
