Assessment Requirements for RIIWMG302D Reclaim and treat water

Release: 1

Assessment Requirements for RIIWMG302D Reclaim and treat water

Modification History

Not applicable.

Performance Evidence

Evidence is required to be collected that demonstrates a candidate's competency in this unit. Evidence must be relevant to the roles within this sector's work operations and satisfy all of the requirements of the performance criteria of this unit and include evidence that the candidate:

- locates and applies relevant documentation, policies and procedures
- implements the requirements, procedures and techniques for the safe, effective and efficient completion of the reclaiming and treating of water including:
 - selecting and using the required tools and equipment
 - treating water
 - extracting water
 - operating and monitoring equipment
- works effectively with others to undertake and complete the reclaiming and treating of water that meets all of the required outcomes including:
 - using a range of communication techniques to convey information to others
 - maintaining written and verbal reporting requirements and procedures
- demonstrates consistent and timely completion of the reclaiming and treating of water that safely, effectively and efficiently meet all of the required outcomes on a minimum of three (3) separate occasions including:
 - completing water treatment operations
 - completing extracting operations
 - reading and interpreting data from equipment indicators
 - inspecting, identifying defects in and adjusting equipment
-

Knowledge Evidence

The candidate must demonstrate knowledge in reclaiming and treating water through:

- identifying, assessing, addressing and reporting hazards
- interpreting reports and data
- identifying and addressing contaminants
- identifying equipment processes, technical capability and limitations
- identifying and using reagents
-

Assessment Conditions

- An assessor of this unit must satisfy the requirements of the NVR/AQTF or their successors; and Industry regulations for certification and licensing; and,
- this unit must be assessed in the context of this sector's work environment; and,
- this unit must be assessed using Resources and Infrastructure Industry sector specific policies, procedures, processes and operational manuals; and,
- an assessor must demonstrate the skills and knowledge of this unit through five (5) years of current and continuous work with the Industry sector and must hold the TAE Assessor Skill Set or equivalent.
