RIWSV404D Conduct fishing operations

Release: 3

RIISV404D Conduct fishing operations

Modification History

Release	Comment
1	This is a new unit
2	Editorial corrections
3	Required frequency and volume of evidence amended in Performance evidence. Substantial amendments made in Assessment Conditions field, including: references to Industry Sectors, assessor and subject matter expert experience requirements, how assessment should be conducted and what it should confirm.

Application

This unit describes a participant's skills and knowledge required to conduct fishing operations in Drilling.

This unit is appropriate for those working in operational roles.

Licensing, legislative, regulatory and certification requirements that may apply to this unit can vary between states, territories, and industry sectors. Relevant information must be sourced prior to application of the unit.

Unit Sector

Drilling (Well Servicing)

Elements and Performance Criteria

1 Plan and prepare for operations	1.1 Access, interpret and apply compliance documentation relevant to the control of emergencies and critical situations and ensure the work activity is compliant 1.2 Identify the responsible person for project accountability 1.3 Obtain, read, confirm and apply work instructions 1.4 Identify and report all potential hazards 1.5 Coordinate job requirements with others at the site
2 Prepare pumping and fluid systems	2.1 Confirm pumping and fluid parameters 2.2 Ensure pumping and fluid parameters have been met by

	Derrickman
3 Make up required fishing equipment	3.1 Confirm with authorised responsible person what is required to be run down hole 3.2 Obtain and review SOP/JSA and/or manufacturers operating instruction for fishing tool/s to be used in the operation 3.3 Assemble and record fishing tool/s details such as ID/OD/lengths 3.4 Make up fishing assembly
4 Run in hole to latch fish	4.1 Run to depth and parameters, and avoid well underbalance or hang-ups 4.2 Trip tubing/rods while maintain well control
5 Progress to latch and retrieve fish	5.1 Latch fish as per the running and latching procedure 5.2 Trip out of hole while maintaining well control

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit. Further information is available in the Resources and Infrastructure Industry Training Package Companion Volume.
