Licensing/Regulatory Information

Not applicable.

Entry Requirements

Not applicable.

Employability Skills Summary

The following table includes a summary of the employability skills as identified by the resources and infrastructure industry for this qualification. The table should be interpreted in conjunction with the detailed requirements of each unit of competency packaged in this qualification. The outcomes required here are broad industry requirements that may vary depending on packaging options.

Employability Skill	Industry/enterprise requirements for this qualification include:
Communication	- speak clearly and directly - listen carefully to instructions and information - read and interpret work instructions and safety signs - calculate basic weights, distances and volumes - complete incident and maintenance reports - adjust communication style to meet the needs of people with diverse backgrounds
Teamwork	- apply teamwork in a range of situations, particularly in a safety context - contribute to the planning and execution of operations - work cooperatively with people of different ages, gender, race, religion or political persuasion and people with disability - recognise and respond sensitively to people from culturally and linguistically diverse backgrounds
Problem-solving	- adjust work methods in response to changing weather and site conditions - participate in team solutions to safety issues
Initiative and enterprise	- independently adapt to changing work conditions or different work areas - identify potential improvements to working practice and conditions - identify and assess risks in the workplace
Planning and organising	- manage time and priorities to complete work - identify and obtain appropriate equipment and permits - identify potential hazards and prepare appropriate responses - follow procedures and techniques relevant to the equipment and work being done
Self-management	- take responsibility for planning and organising own work priorities and completing assigned tasks - monitor own performance to ensure work will be completed well and on time - understand the standard of work expected at a work site
Learning	- be willing to learn new ways of working - seek information to improve performance from people and

SkillsDMC

	workplace documents like policies, procedures etc • understand equipment characteristics, technical capabilities, limitations and procedures
Technology	• use technology to monitor and report on work progress • use communications technology appropriate to the workplace (email, mobile, radio, etc) • operate equipment safely

Packaging Rules

Requirements for completion of the qualification

The following table provides the packaging rules for this qualification, followed by the list of relevant units of competency.

Successful completion of sixteen (16) units of competency made up of:

- five (5) Core units, and
- eleven (11) elective units of which:
- at least nine (9) must come from the Group A electives listed below
- up to two (2) units may come from AQF level II, III or IV in this, or any other, Training Package or accredited course.

Units of competency chosen must

- be relevant to the competency requirements for the job function
- reflect the competency profile   for the occupation at the enterprise level
- in the case of accredited course units of competency, not duplicate in part or in whole any unit from a Training Package.

Care must be taken to ensure that all prerequisites specified within imported units, or units chosen as electives, are complied with.

Core units of competency	
Unit code	*Unit title*
HLTFA301B	Apply First Aid
RIICOM201A	Communicate in the workforce
RIIOHS201A	Work safely and follow OHS policies and procedures
RIIRIS201B	Conduct local risk control
	And either
RIIQUA201A	Maintain and monitor site quality standards
	OR

RIIGOV201A	Comply with site work processes/procedures (Coal)
Group A electives	
Unit code	*Unit title*
HLTFA402B	Apply advanced first aid
PMAOHS211B	Prepare equipment for emergency response
PMAOMIR444 B	Develop incident containment tactics
PUAAMS007B	Coordinate search and rescue operations
PUAFIR207B	Operate breathing apparatus open circuit
PUAFIR306B	Render hazardous materials incidents safe
PUAFIR307B	Monitor hazardous atmospheres
PUASAR024A	Undertake road crash rescue
PUASAR032A	Undertake vertical rescue
PUASAR025A	Undertake confined space rescue
PUASAR027A	Undertake land search rescue
RIIERR201A	Conduct fire team operations
RIIERR205A	Apply initial response First Aid
RIIERR301A	Respond to mine incident
RIIERR302A	Respond to local emergencies and incidents
RIIERR303A	Operate in self-contained regenerative oxygen breathing apparatus
RIIERR304A	Control emergencies and critical situations
RIIERR305A	Control underground fires
RIIERR306A	Conduct underground search
RIIERR307A	Extricate casualties from underground incident
RIIERR308A	Extricate and transport people involved in incidents

RIIERR309A	Establish and operate from fresh air base
RIIERR310A	Provide support for rescue operations
RIIRIS301B	Apply risk management processes
