RII50209 Diploma of Underground Metalliferous Mining Management

Release 3

RII50209 Diploma of Underground Metalliferous Mining Management

Modification History

Not applicable.

Description

This qualification reflects the role of mine managers in an underground metalliferous mine who perform tasks involving a high level of autonomy and requiring the application of significant judgement in planning and determining the selection of equipment/roles/techniques for themselves and others. They are required to demonstrate the application of a broad range of technical, managerial, coordination and planning and implement mine management plans.

Pathways Information

Planning and organising	<ul style="list-style-type: none"> • manage and coordinate time and priorities for self and team • identify and obtain appropriate personnel and resources for work • ensure that risks are assessed and appropriate emergency plans are in place • ensure that project planning incorporates the possibility of adapting to future changes

Self-management	<ul style="list-style-type: none">• take responsibility for ensuring team targets and goals are achieved• understand the standard of work expected at the work site• proactively manage team performance• develop trust and confidence in staff and customers
Learning	<ul style="list-style-type: none">• be willing to learn new ways of working• seek information to improve performance from people and workplace documents like policies, procedures etc• understand equipment characteristics, technical capabilities, limitations and procedures• lead change and continuous improvement processes• manage learning and development plans• prepare and lead formal or informal training sessions
Technology	<ul style="list-style-type: none">• apply a range of basic IT skills in monitoring and reporting on systems• operate equipment safely and according to manufacturer and workplace guidelines• use communications technology appropriate to the workplace (email, mobile, radio, etc)• computer technology is used to monitor and communicate project status• use IT to create documents and maintain records of work activities

Packaging Rules

Requirements for completion of the qualification

The following table provides the packaging rules for this qualification, followed by the list of relevant units of competency.

Successful completion of thirteen (13) units of competency made up of:

- seven (7) Core units, and
- six (6) elective units of which:
 - at least three (3) must come from the Group A electives listed below
 - up to three (3) from the Group B electives listed below
 - up to one (1) unit may come from AQF level IV, Diploma or Advanced Diploma in this, or any other, Training Package

Units of competency chosen must be relevant to the competency requirements for the job function.

Care must be taken to ensure that all prerequisites specified within imported units, or units chosen as electives, are complied with.

Core units of competency	
<i>Unit code</i>	<i>Unit title</i>
RIICOM301B	Communicate information
RIIERR503A	Implement emergency preparedness and response systems
RIIGOV501A	Identify, implement and maintain legal compliance requirements
RIIMEX502A	Implement systems and methods of mining
RIIOHS301A	Conduct safety and health investigations
RIIRAI501B	Implement mine transport systems and production equipment
RIIRAI503B	Implement site services and infrastructure systems
Group A electives	
<i>Unit code</i>	<i>Unit title</i>
RIIBHD501A	Manage blast hole drilling operations
RIIENV501A	Implement and maintain environmental management plan
RIIENV502A	Undertake process or project environmental impact assessment
RIIMEX501A	Implement pit plan
RIIPRO502A	Develop, implement and maintain process control systems

RIISDM501A	Conduct mine surveying operations
RIISRM502A	Design stockpile formations and reclaiming systems
RIIUND501A	Implement the ventilation management plan
RIIWBP502A	Plan and monitor recycled material operations
RIIWMG501A	Implement the site water management plan
Group B electives	
<i>Unit code</i>	<i>Unit title</i>
BSBCUS501A	Manage quality customer service
BSBINM501A	Manage an information or knowledge management system
BSBINN502A	Build and sustain an innovative work environment
BSBLED501A	Develop a workplace learning environment
BSBMGT515A	Manage operational plan
BSBMGT516A	Facilitate continuous improvement
BSBOHS509A	Ensure a safe workplace
BSBWOR501B	Manage personal work priorities and professional development
BSBWOR502B	Ensure team effectiveness
